Minutes of the Full Council Meeting on Monday 11 May 2026 at 7pm
Held at the Wilton Baptist Church

Members Summoned and Present: Cllr Angela Alexander, Charlotte Blackman (Deputy Mayor), Cllr Gary Blandford-Hull, Cllr Alexandra Boyd, Cllr Michelle Ditton, Cllr Peter Edge, Cllr Claire Forbes, Cllr Chris Harrison (Mayor), Cllr Maria La Femina, Cllr Phil Matthews and Cllr Mick Whillock

Absent: None

Officers Present: Brie Logan – Town Clerk

In attendance:

Cllr Pauline Church

Comms Officer

Press (0), Members of the public (5) online (2), Police (0)

The chair advised members and the public that the meeting was being recorded.

Public Participation

- Has a Flood Risk Assessment been completed as part of the Compound and Car park works? It was confirmed a Flood Risk Assessment will be part of the due diligence associated with phase 2 - Car Park works.
- Has the Council checked whether planning application is required? It was confirmed that a pre-app has not yet been submitted however will be undertaken as part of the project process/due diligence.
- Reference agenda item 16 – Clerks report – why is the council, when it already has in its possession, a report that has been produced and shared at no cost from two well qualified and experienced ecologists? Is the clerk suggesting that the report is not impartial? The chair explained the council had not commissioned the report and the correct process has to be followed. Further information is awaited from the Ecologist commissioned by Cllr La Femina.
- Cllr Edge reminded the public that no decisions have been made about the Car Park design.
- The chair further explained there is no plan for the car park at this stage. There is no suggestion that the wildflower area is to be removed or relocated. The council will consider options during the phase 2 design process.
- Draft minutes from April 2026 – wildflower meadow – have any councillors read the ID Verde report? It was confirmed that councillors had not yet received/seen the report, and that the assessment/information would be provided to Council as part of members' consideration of Phase 2.
- It was highlighted that the Fire Station consultation submission end date is 15 May 2026.
- Market – Yellow parking sign (opposite Wilton Village) comment raised about confusion around car park messaging. It was confirmed that the signage is erected the day before the market and is removed at the end of the event (Sunday).

Public participation ended at 7:18pm.

Cllr Church provided a Wiltshire Council Annual Report:

- Councillor Church presented her annual report relating to Wiltshire Council, describing the past year as challenging, particularly in the context of local government finance and service pressures.
- She referred to the Liberal Democrat minority administration budget for 2026/27, which was brought forward alongside a three-year financial forecast, and set out her concerns about several elements of that budget.
- Specific issues highlighted included:
 - Proposals for three-weekly household waste collections
 - Significant increases in parking charges
 - Additional borrowing (circa £20 million) and the potential longer-term impact of this borrowing on Wiltshire taxpayers.
- She explained that these proposals had prompted considerable concern from residents, particularly around cost pressures and changes to day-to-day services, and that she had raised these matters within Wiltshire Council.
- Councillor Church also touched on highways and infrastructure issues, including the condition of roads and potholes, encouraging residents to report issues through installed reporting systems. while confirming she continues to raise local concerns with highways colleagues.
- Planning matters were referenced, including:
 - Broader challenges with the Wiltshire Local Plan,
 - Concerns around speculative planning applications, and
 - Recent local applications {Naish Felts} affected by flood risk considerations.
- The Save Our Fire Stations consultation, including:
 - Recent discussions involving John Glen MP and a meeting with a minister in London.
 - The funding pressures facing fire services.
 - The relationship between precept levels, direct government grant funding, and the funding anomaly used by the Treasury when calculating support for fire authorities.
 - The need for continued advocacy to address the potential impact on local ratepayers and services.
- She concluded by reaffirming her role in representing Wilton residents' interests at Wiltshire Council, maintaining dialogue with officers and fellow councillors, and feeding local concerns into wider county-level decision-making. Thanks were given to WTC for all that councillors do to also support their community.
- A member of the public asked whether it would be possible to approach the owners of the Naish Felts site about bringing forward a separate planning application for the old Coach Works / Coach House, rather than it remaining tied to the wider housing scheme. Cllr Church explained that the former Coach Works at the Naish Felts site had historically been tied to the wider planning application. She advised that, now the reserve matters application has been withdrawn, there is an opportunity for the owners to bring forward a separate proposal. However, she confirmed the site is in private ownership, and any redevelopment remains at the discretion of the landowner, with the role of the Council limited to encouraging engagement through the planning process.

The meeting commenced at 7:28pm.
